

# Math 237 Homework

Fall 2017

For each standard, I list in **bold** practice problems that will most closely resemble your assessments, and in *italics* some additional problems that will further your understanding but are not representative of questions you will be asked on assessments. You should not work every problem in every section; work as many as you need.

**E1,E2,E3:** §1.2 **1-4**, *11-18*, **19-32**

**E4:**
