## Readiness Assurance Outcomes

Before beginning this module, each student should be able to...

- Determine if a system to a two-variable system of linear equations will have zero, one, or infinitely-many solutions by graphing.
- Find the unique solution to a two-variable system of linear equations by back-substitution.

## Readiness Assurance Resources

The following resources will help you prepare for this module.

- https://www.khanacademy.org/math/cc-eighth-grade-math/cc-8th-systems-topic/cc-8th-systems-graphical a/systems-of-equations-with-graphing
- https://www.khanacademy.org/math/algebra/systems-of-linear-equations/solving-systems-of-equations-v/practice-using-substitution-for-systems

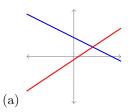

## Readiness Assurance Test

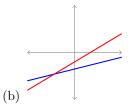

Choose the most appropriate response for each question.

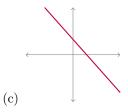

1) Which of these graphs represents the following system of linear equations?

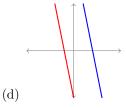

$$x + 2y = 4$$

$$2x - 3y = 1$$

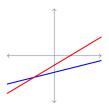

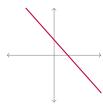

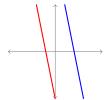

2) How many solutions are there for the system of linear equations represented by the following graph?

- (a) Zero
- (b) One
- (c) Two
- (d) Infinitely-many
- 3) How many solutions are there for the system of linear equations represented by the following graph? (This graph represents two completely overlapping lines.)

- (a) Zero
- (b) One
- (c) Two
- (d) Infinitely-many
- 4) How many solutions are there for the system of linear equations represented by the following graph? (This graph represents two parallel lines.)

(a) Zero

(b) One

(c) Two

(d) Infinitely-many

5) Solve the following system of linear equations.

$$y = 2x + 5$$

$$y = -x + 2$$

(a) x = -1 and y = 3 (b)  $\begin{bmatrix} x_1 \\ x_2 \end{bmatrix} = \begin{bmatrix} 4 \\ -2 \end{bmatrix}$ 

(c) There are no solu- (d) There are infinitely-tions.

6) Solve the following system of linear equations.

$$x + 2y = 4$$

$$2x - 3y = 1$$

(a) 
$$\begin{bmatrix} x_1 \\ x_2 \end{bmatrix} = \begin{bmatrix} -1 \\ 4 \end{bmatrix}$$
 (b)  $\begin{bmatrix} x_1 \\ x_2 \end{bmatrix} = \begin{bmatrix} 2 \\ 1 \end{bmatrix}$ 

(c) There are no solu- (d) There are infinitelymany solutions.
